

Andy Heck Boyd

Hellraiser

SUPER is pleased to announce the show Hellraiser by the artist Andy Heck Boyd, taking place at a private location in Vienna.

The work of Andy Heck Boyd is an intuitive and naive approach, a playful mash-up of things in the world. Big influences for him are obsolete technology, celebrity iconography, and do-it-yourself comic book culture. He is motivated, in part, by experiencing hallucinations and hearing the voice of satan.

- 1 Foundation for Pandora´s box
